## STRETCH TENT HIRE

We have our very own 7.5m x 12m stretch tent, complete with side panels. It fits perfectly on our terrace and is ideal for smaller events (up to 50) in lieu of a marquee, but can also be used as shelter for your guests during your ceremony or as a cover for your drinks reception. Hire is included for small weddings, or the tent can be added for an additional fee for other events. Please speak to us prior to your event if you are interested in using the stretch tent. We are happy to have it on-call for wet weather, but need at least 48 hours' notice if you wish to use it.

## STRETCH TENT HIRE

The stretch tent is 7.5m x 12m and has capacity for 50 (dining) or 60 (standing or ceremony-style seating). Side panels and door panels can be included if required (we have a mix of solid wall and panoramic side panels). Hire includes:

- Pre-event consultation to discuss your requirements for the stretch tent.
- Our team will erect the tent in a location of your choosing (either on the patio or lawn) prior to your event.
